

MJM Fantasy Sports Instruction Guide

The Fantasy Sports Machine is a combination of hardware and software that, when used effectively, can keep your customers coming back again and again. This Instruction Guide will help you get your FSM set up quickly and easily, teach you how to administer and promote your contests, and use the many features we've designed into the program to get the most out of your fantasy sports promotions.

Add a bounce-back coupon to the team ticket

- Every customer gets a printed team ticket from the FSM after entering a team roster.
- MJM has made it easy to add a coupon to the printout. You can make the coupon anything you want. One idea is 10% off lunch. This gives customers an incentive to come in, enter their fantasy team for the week, and then stay for lunch using the coupon. It's all designed to keep customers coming back.
- The FSM will only distribute one coupon per player each week.

Add a promotional message to the team ticket

- MJM has provided a place on the team ticket for your promotional messages. This is a separate area from the coupon. Use this space to promote upcoming specials or events.

Set up weekly and/or season long prizes

- A word (or 100) about prizes: The chance to win prizes is what keeps customers coming back to play the Fantasy Sports Machine™. MJM Sports awards weekly and season-long prizes on a national level for every game played on the FSM. Awarding weekly (or even season-long) prizes exclusively for your venue will keep your customers excited, engaged and coming back more often, even if it's just one prize for one game each week.

On-line Prize Administration Page

- We've made setting up and distributing prizes completely hassle-free. Like everything else, it's done on-line. Set up a prize list, assign prizes to games, and the FSM automatically prints out prize vouchers to the winners. Winners are announced on the plasma scoreboard and notified by e-mail.

Example; Set up the FSM to award a free entree each week to the 1st place team in the NFL Challenge: You Pick contest. Once the games are over each week, the winner is notified by e-mail to go back to your venue, log on to the FSM and collect a prize coupon. There's nothing left for you to do except honor the coupon. What could be easier?

- FSM “Draft Night” is designed to increase traffic on off-nights, and is used to encourage customers to enter the “You Pick-em” contest before the games begin for that week.

Game Day (for football/NASCAR/reality TV shows):

- Play MJM daily games (in development)
- Encourage customers to play the “Quick Pick” game.
Team rosters in the “Quick Pick” games are randomly generated, so customers can enter to play any time, even with just 1 minute left on Monday Night Football.

The “Quick Pick” game is designed for non-sports fans and is its own separate contest. MJM Awards grand prizes to both “You Pick” and “Quick Pick” winners.

Miscellaneous Notes:

The FSM™ automatically emails customers to remind them to come back to your establishment and play again. The entire FSM system has been designed with one goal in mind; to get customers coming back again and again to play.
